

2021 Webinar Series

*Ambient Seismic Imaging –
Optimizing Reservoir Recovery*

FEATURING

About the Event

The Wyoming Oil and Gas Fair is pleased to present **Mr. Jeffrey Eppink** as a speaker for the Wyoming Oil & Gas Fair Virtual Series event. This webinar will focus on Ambient Seismic Imaging that creates 3D maps of fluid flows within reservoirs. This technology can help maximize the efficiencies of secondary and tertiary recovery programs, optimize completions in unconventional reservoirs as well as monitor the effectiveness of carbon storage efforts.
